READ THIS NOTICE

All cash or credit card orders must be paid at the time order is placed.

The return of any film or prints for processing or any other purpose, constitutes an agreement by you that if any such film or print is damaged or lost by us it will be replaced by an equivalent amount of unexposed film and processing. Except for such replacement, the handling of such film or prints by us is without warranty or liability even though damages or loss is caused by negligence or other fault. We are not responsible for any orders left over 30 days.

WE DO NOT COPY COPYRIGHTED WORKS WITHOUT PERMISSION

In submitting copyrighted works for reproduction, the customer must provide written permission from the copyright holder and warrant that all necessary permissions have been obtained, and agrees to hold harmless and indemnify Star Photo Service, Inc. for all costs, expenses, attorney's fees and judgments resulting from any claim of copyright infringement.

ALL PRICES AND SERVICES ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE.

Guidelines

- All new orders of 250 and up require an approval print, although approval prints can be requested with any order
- Scan pictures, logos, and artwork for at least 300 dpi at final image size
- Proportion pictures and layouts for the chosen size of the print (5x7 or 8x10). Include Borders.
- Avoid thin rule lines near print edges. Print trimming varies. Sometimes the edge appears uneven.
- Flatten Photoshop layers and channels.
- For Black & White prints, convert file to grayscale prior to avoid additional charges.
- When using Quark for page layout, make sure to include all font files.
- Save files at 300 dpi or larger at final print size.
- Save files as uncompressed TIFF files, JPEG files, saved at the highest quality settings.
- We must have the file number documented if more than one on CD. We would prefer to have an original photo to match our reproduction for accuracy. If an original photo is not submitted, then the decision is left to the discretion of the photo lab technicians. In this case, Star Photo will not be liable if the customer is not satisfied with the final product.
- Sample copies or specific instructions indicating cropping, contrast, density and type composition need to be submitted with the order. If not provided, our experienced lab technicians will use their best judgment in filling your order.
